WEEKLY CHRONICLE.

### Grany Valley News.

CRAWFORDSVILLE, Feb. 9. MR, EDITOR: The winter has been so much like spring that people have just worked on as though there was no hereafter, atmospherically speak-

will have some sharp weather for a

of the question entirely. The Sunday schools of this valley contains. ara all in full blast, and are doing their winter as this, furnishes a perfect ex-

of modern style and equipments. As to beauty of situation, the location for the new building is a good one. It is

the community upon the fine pro-

the school in very cheering remarks. Miss Maggie Caldwell, his daughter, arrived at the residence of Mr. W. A. Anderson, yesterday, to attend school, and will also have charge of the

and will also have charge of the musical department.

We had a visit this week from Esquire Haynes, from south of the river, whose son Grant, and daughter, Miss Lizzie, are attending school. They are eplendid andents, and are well advanced in studies. Send us some more of such genuine material. We had a visit this week from Esquire Haynes, from south of the river, whose son, Grans, and daughter. Miss Lizzle, are attending school. They are splendid students, and are well advanced in studies. Send us some more of such genuine material. This valley can take care of all who come.

Mr. William Kirk, of Hilmols, has been visiting friends here for several weeks. He speaks of bringing his family, and locating here, that his children may enjoy the advantages of

family and locating here, that his children may enjoy the advantages of

the school so near by.

Mr. Rush Murphy has just returned from the Business College at Pough-keepsie, New York. He looks well, and speaks of going into business soon. He took in the cities of New York, Baltimore, Philadelphia and Washington on his return.

Mr. James Anderson, son of our much esteemed neighber, Mr. Shanon Anderson, has returned to the city and gone into business, after spending a few weeks in rest at home. He is accompanied by his brother, Mr. Howard Anderson. They are as noble ard Anderson. They are as noble

### Lime in Agriculture.

The Journal of Forestry briefly sums up many of the uses of lime when applied to the soil. The effects of lime, as will be seen, are in part mechani-

renders them less waxy. Sprinkled over potatoes in a store-heap it preserves them, and when riddled over the cut sets it wonderfully increases

2, iLme eradicates the finger-andtoe disease in turnips, and gives greater soundness to the bulbs.

3. It gives when applied to meadow land, a large produce of more nutritious grasses. It also exterminates coarse and sour grasses, destroys couch grass, and acts powerfa'ly upon

rye grasses. 4 Upon arable land it destroys weeds of various kinds. 5. It rapidly decomposes vegetable

matter, producing a large amount of food for plants in the form of carbonie seid gas. 6. It destroys or neutralizes the

acids in the soil; hence its adapta bility to sour soils. 7. It acts powerfully upon some of the inorganic parts of the soil, especially on the sulphate of from in peaty

soils, and the sulphate of magnesia and alumins. 8. It proves fatal to worms and slugs, and the larvæ of injurious insects, though favorable to the growth of

shell-bearers. 9. Slacked lime added to vegetable matter causes it to give off its nitrogen in the form of ammonia, Upon soils in which ammonia is combined with acids, it sets free the ammonia which is seized upon by the plants. 10. Its solubility in water causes it

in the soil produces saline compounds, such as potash, soda, etc. 12. Strewed over your plants, it destroys or drives away the turnip fly.

13. Worked in with grass seeds, the beneficial effect of lime, chalk, marl, and shell-sand have been visible for thirty years. 14. Applied to the rot heap, lime effectually destroys the seeds of

To sum its advatages: When pro perly applied to the soil, it purifies and stimulates its action, thereby promoting the growth of healthy vegetation of all kinds.

The cob of Indian corn contains a large amount of potash; its ashes contain twice the amount of that mineral than the ashes of the willow, which contains more than any other wood. Potash is one of the minerals for which the farmer pays, in one shape or another, large sums of money, and this frequently when there can be seen lying round his premises uneconomized quantities of this valuable material. When the cob is fed ground with ing. Some shake their heads wisely the corn, this large amount of potash and predict a hard winter yet. We will be found in the manure, as the will have some sharp weather for a few days at a time, but an extended "spell" of severe winter now in the kingdom requires. It might not be bad kingdom requires. very presence of opening spring is out economy to grind and feed the cob if it was only to secure the potash it

> One of the best things to protect a cellar from cold is a good banking of snow. When this is not upon the ground in sufficient quantity leaves form an excellent material, and it is best to provide them in season. Drive

## Cherry Pectoral

Thren' and Lungs such ac coughs, Colds, Whooping Cough

and Consumption. he marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happlest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from nlarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one besitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cares of the milder varieties of bronchial disorder, as well as

the more formidable diseases of the lungs. As a safeguard to children, amid the distress ug diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use. multitudes are rescued and restored to health. This medicine gains friends at every trial, as he cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
